

Sabri Jonuzi

Junior Software Developer | Web Development | Databases

+38343844661 | sabri.jonuzii@gmail.com | Skenderaj, Kosovo

PERSONAL STATEMENT

Recent Computer Science and Engineering graduate with hands-on experience developing web applications and working with relational and NoSQL databases. Familiar with JavaScript, React, Node.js, Express.js, MySQL, Microsoft SQL Server and MongoDB, with practical experience in building CRUD applications, designing databases and developing full-stack web solutions. Developed a full-stack project management application as a final-year project, gaining experience in frontend and backend development, authentication, role-based access and real-time functionality. A reliable and self-motivated individual with a strong interest in software development and database technologies. Analytical, adaptable and eager to continue developing technical skills while contributing to collaborative software development teams in local or remote environments.

KEY TECHNICAL SKILLS

Programming Languages: JavaScript, Java, SQL

Frameworks & Libraries: React, Express.js, Tailwind CSS

Backend & APIs: Node.js, REST APIs, CRUD

Databases: MySQL, Microsoft SQL Server, MongoDB, Database Design

Tools: Git, GitHub

Development Practices: Agile, Authentication, Role-Based Access Control

EDUCATION

Bachelor of Computer Science and Engineering

University for Business and Technology (UBT), Pristina, Kosovo

Final Year Project — TaskFlow: Project Management Web Application

Developed a full-stack project management web application using React, Node.js, Express.js and MySQL, implementing authentication, role-based access control, database management, REST APIs and real-time notifications. **Awarded the highest grade (10/10) for the final-year project.**

PROJECTS

TaskFlow — Project Management Web Application

Technologies: React, JavaScript, Node.js, Express.js, MySQL, JWT, Socket.IO, Bootstrap, Git

- Developed a full-stack web application for managing projects, tasks, team members and project progress.
- Implemented user registration, login and authentication using JWT.
- Developed role-based access control for team members, project managers and administrators.
- Built a dedicated admin panel for managing users, projects, tasks, comments, attachments, notifications and activity logs.
- Designed and implemented relational database structures using MySQL.
- Developed REST APIs and CRUD operations for communication between the frontend and backend.
- Implemented real-time notifications using Socket.IO.
- Built responsive dashboards and interfaces using React and Bootstrap.

Online Book Store

Technologies: JavaScript, React, Node.js, Express.js, MySQL, MongoDB, Git, GitHub

- Developed a full-stack e-commerce web application for purchasing books online.
- Implemented user registration, login and authentication.
- Developed a shopping cart and order management functionality.
- Implemented a payment simulation for the online purchasing process.
- Built a dedicated admin panel for managing books, users, orders and store data.
- Implemented CRUD operations for managing products and application data.
- Worked with both MySQL and MongoDB for storing and managing application data.
- Used Git and GitHub for version control and project development.

Makeup Artist Website

Technologies: React, Vite, JavaScript, HTML, CSS, Bootstrap, Git

- Developed a responsive website for a professional makeup artist.
- Created structured sections for services, information and client-facing content.
- Implemented a responsive layout for desktop and mobile devices.
- Applied web development and deployment practices to prepare the website for online use.

Academic Database Projects

Technologies: SQL, MySQL, Microsoft SQL Server, MongoDB

- Designed database structures and relational tables based on application requirements.
- Worked with SQL queries for creating, retrieving, updating and managing data.
- Applied database normalization and relationships between tables.
- Developed CRUD operations for managing application data.

LANGUAGES

Albanian: Native

English: Professional Working Proficiency
